

LLumar window film  
helps make it possible  
for you to enjoy any  
room, at any time of day.

## Stay Comfortable and Efficient

While you love the rooms in your home that are bright and sunny, they often come with a price - hot spots that result in higher than expected energy bills. The source of the problem is clear – it's your windows. This makes it easy to improve on your current situation.

Because windows play a vital role in your home's energy efficiency and indoor comfort, LLumar® window films are recommended to help reduce temperature fluctuations and solar heat gain. Plus, there are window films suitable for every climate, including four-season options with insulation for cooler times of the year.

## How Window Film Improves Comfort

LLumar window films block heat giving you (and your overworked air conditioner) relief from the sun.

**40-84%**

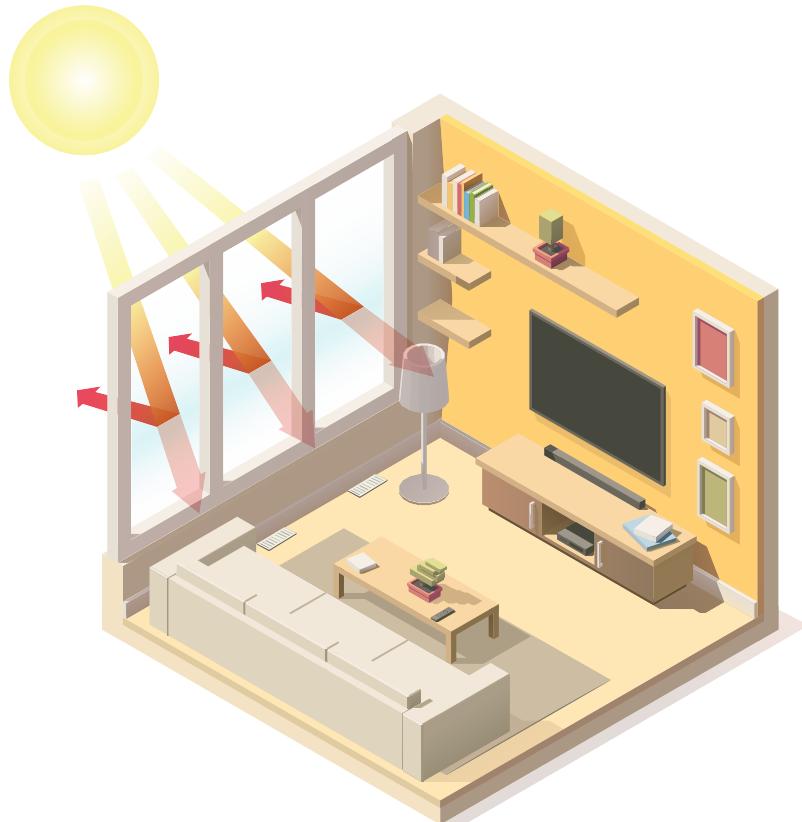

HEAT BLOCKED  
IN SUMMER\*

COMFORTABLE  
TEMPERATURES

## Enjoy Even Temperatures and the Sunlight you Love

Open your blinds or drapes and let the sunlight in. LLumar window film is available in a range of shades to meet your needs. No matter your choice, you'll be able to enjoy your view.

\* Refer to performance specification at <http://northamerica.llumar.com/llumar-window-film-data-sheets>

Upgrade your windows with LLumar window film and you'll enjoy a more comfortable, energy efficient home.
